LEGAL NAME Fraud..... Why don't they enforce identity fraud???

Because they are harvesting your energy, your creations and your divine benevolence is getting converted into legal FICTION. You are trading heavenly reality for material gains and profits of a corporation...by using a legal name, you don't even own what you created...catch22...like for reals...knowledge of this is the apocalypse. Of course govts and bureaucracies and those that support them are scared shitless and always at war. This knowing, this revolution of consciousness is the END GAME for all things LEGAL. The entire construct DEPENDS on your participating in your own FRAUD. So of course they aren't going to enforce it or tell you the truth about it. The system needs you to remain dishonor to exist

...that simple
