Why am I still spouting about this stuff? I don't know. It must still be important

Anything that requires use of govt ID is illegal. The system was set up this way to keep you in a state of perpetual dishonor. This is how they get away with their bullshit all the time

Everything from your employment to voting to banking and everything in between. All things registered and anything that requires a birth cert and ID are ILLEGAL

Fuckin crazy but it's true

Legal Name Fraud...Google that shit
