

that is not you and not yours, you are subject to the Laws, Codes and Statutes which apply to Persons or Corporate Entities. The system is a Corporate Entity and it can only do commerce with other Corporate Entities, not with living men and women. When you use the ALL CAPITAL LETTERS NAME, then you are acting for the Corporate Entity and as it, and therefore, you are subject to all of the Laws, Statutes and Codes. You are also subject to taxation. This is extortion at its finest. You cannot be owned, that would be slavery. But when you agree to "be" a corporate entity by using the ALL CAPITAL LETTERS NAME, then you become a voluntary slave! You are also subject to the requirements of the system to "register" all of your property such as cars, motorcycles, boats and houses. Once these are registered to the "state", the state owns them, you do not. Check out the deeds to your home - it shows the NAME as "Tenant", never as owner. This way, you continue to pay into the extortion - your energy is exchanged for dollars, and your intellectual and physical labor is taxed which actually is extortion. You own your intellectual and physical labor, your physical body creates the energy and you are entitled to fair exchange for your labor and you do not owe anyone tax - tax is daylight robbery.

The "Government" does not care about you, it is a money making corporation.

The "police" do not serve and protect you, they serve their masters, the corporation and they are policy enforcers.

The medical industry does not want to help you and cure you, it just wants to make money out of your illness, disease and injuries.

The real terrorists are your "governments" and almost all of the terrorist events are "false flag events". Look it up.

Do an online search for "False Flag Events".

9-11 is one of the biggest "false flag events" in recent history.

Talking of history, most of that is lies too.

I could go on!

Now, bear with me while I ask a few questions, before I answer some.

Do you know who you really ARE?

What is your "Real Name"?

Do you know that which you call your "Real Name" is not you or yours to use?

It is a "Legal Name" and it is copyrighted.

Strange as it might sound, using what you call and know as your **real name**, is actually **ILLEGAL!** You see, almost everything in the system is opposite to what you have been told!

*Do you know that Income Tax is voluntary??

*Do you know that government is actually NOT government, but a corporation?

*Do you know that "Government" actually means "Mind Control."

*Do you know that the President of the USA is actually just a CEO of a Corporation which provides governmental services?

*Do you know that The Federal Reserve is privately owned and "money" (created by the owners of the bank) is loaned to your "government" (Corporation) which creates the "National Debt"?

*Do you know that "Mortgage" actually means "Death Pledge", and that the "money" you borrow is only created when you sign the "loan" agreement?

*Can you possibly believe that the United States of America is NOT independent from Great Britain and that your tax dollars go to The Crown Corporation?

Holy freaking crackers!

Right?

Holy FKN SHIT, more like!!!

This is just a small list of the deceptions that have been perpetrated upon humanity. YOU are being deceived. Your health and the health of your family is in constant danger thanks to the suppression of REAL cures. There are plenty of cures for cancer, no one has to die, but thanks to suppression of natural cures, false diagnosis and greedy pharmaceutical corporations, many do die every day. Vaccinations are killing your sons and daughters, all for profit for the Pharmaceutical Corporations. Look around, check it out for yourself - there is SO much information on the internet - this is the age of information and being ignorant is a choice.

Here are some basic truths.

The World runs under copyright law. It is the most powerful law. Your "Real Name" is actually a "LEGAL NAME" and is **not yours** and is **not you**, but is actually a Legal Fiction/Corporate Entity, copyrighted by the Crown Corporation.

Have you ever noticed that although you always write "your name" in upper and lower case letters, that your driver license, your passport, your Social Security Card and your Bank statements ALWAYS are showing (what you believe to be) "your name", IN ALL CAPITAL

LETTERS????? Check it out.

This is because the ALL CAPS NAME is **not you** and **not yours**. When you are born, and a Birth Certificate is created, then the "name" that your parents gave you is copied and another NAME is created in ALL CAPITAL LETTERS, and then it is copyrighted. It looks similar to your original name, but it is NOT your original name, **nor** is it **yours**.

Later in life, when you apply for driver license, SSN, passport etc, you then receive them with the name written in ALL CAPITAL LETTERS, you don't notice, and you just use it as if it were yours. Using this ALL CAPITAL LETTERS NAME is actually **illegal** because it is copyrighted and it is **not yours** to use. This means that you are committing copyright infringement EVERY time you use that NAME. Because you are using something
